the new comparative research in this volume explores the global flow of competence based education curricular policy and frameworks for instructional practice

taking critical perspectives the chapters trace the pathways through which educators and policy actors adopted and reshaped competence based education as promoted by the oecd the world bank and the european union the authors ask what purposes do competence based educational reforms serve how are competence based models internationally deployed and locally modified what happens as competence based reforms get re contextualized and contested in particular cultural social and political contexts in their nuanced examination of these global flows the authors theorize how competence based reform strategies variously produce hybridity silent borrowing loud borrowing and new social imaginaries although entangled with other hot topics in educational research skills and dispositions for citizenship and employment higher order and critical thinking and socio emotional learning competence itself has multiple fluid meanings the authors dissect this polysemy while documenting the pivotal role of key actors in the development design and deployment of reforms in diverse international contexts contextualizing global flows of competency based education will be a key resource for academics researchers and advanced students of comparative education educational research curriculum studies sociology and education leadership and policy this book was originally published as a special issue of comparative education

this book takes a fresh look at professions their history and sociology and at the nature both of professional practice and professional competence it provides practical advice to professional developers on programme design as well as tips for individual professionals on how to exploit their informal learning opportunities

as the initial training of teachers becomes increasingly school based and as schools and colleges develop formal induction programmes for their newly qualified teachers the role of the teacher mentor is fast becoming a pivotal one in teacher education individual sections look at mentoring as it relates to initial training induction assessment whole institution staff development throughout the emphasis is on the ways in which mentoring contributes at all points in the continuum of professional development anyone involved in mentoring in any setting from the primary school to the adult education college will find this book indispensable as a guide to reflection and a spur to action

now in an updated fifth edition this book provides readers with overviews of all the key theories concepts and terminology associated with mental health summarising them succinctly in a series of easily digestible yet expertly written entries structured into four sections the text starts with entries related to mental health and mental abnormality before moving onto mental health services and society the new edition offers 68 concise chapters including new entries on adhd secondary prevention challenges for practitioners and the impact of social media on mental health updates across all chapters to make the content more in line with contemporary critical debates in mental health including new terminology and references to modern mental health services a new contextualising

introduction on the sticky subject of mental health terminology additional further reading examples and suggestions an essential guide for students of mental health studies health nursing social work psychology counselling and psychotherapy

by looking at the effect of language difference edwards examines the interaction of language with nationalism politics history identity and education this book unpicks this complexity and creates a multidisciplinary overview

annotation competency management is increasingly being adopted as an approach to hrm in both the private and public sectors this book will be of interest to both practitioners and academics as it seeks to inform the reader about the practice of competency management in european public services it throws light on the origins and meanings of the concept and traces the competency movement from the 1980s in the uk and usa it links competency management to performance management and hrm and demonstrates how a competency approach can add value to all parts of an organisation the nine country studies provide a rich insight into the practices found across the public sectors of europe at one end of the spectrum is britain with its holistic approach to competency management in the senior civil service and widespread use throughout the rest of the service belgium the netherlands and finland provide further examples of recent developments and good practice in france and germany however competency management has only just appeared on the reform agenda and the reasons for this are identified micro studies in italy and sweden provide an insight into the problems that arise when the perceptions of reformers diverge from those of managers and managed while the study of poland shows the problems faced by countries in transition which lack an appropriate educational sub structure for public management and hrm

social development 2nd edition provides psychologists with a comprehensive scholarly engaging and up to date treatment of theoretical insights and empirical findings in the field of social development it conveys the excitement of recent advances along with the accumulated knowledge that forms the basis of the field psychologists will gain a better understanding of cultural variation both among societies around the world and within our own society

mit türkischem urum pontischem griechisch und orthodox christlichem glauben unterläuft georgiens griechische minderheit gängige erwartungen an das verhältnis von sprache und nationaler identität in georgien als griechisch anerkannt in griechenland jedoch nicht unbedingt bewegen sie sich in einem spannungsreichen geflecht sozialer konstellationen und un möglicher zugehörigkeiten geprägt von spuren der sowjetischen vergangenheit in einer sorgfältigen ethnografisch informierten konversationsanalyse untersucht die autorin die aushandlung komplexer sozialer grenzen zugehörigkeiten und positionierungen im gespräch grenzziehungen und auflösungen erweisen sich dabei als dynamische und kontextabhängige prozesse
